100% recycled PET

- ♥ Including full color printed carelabel and biodegradable polybag with sticker.
- ♥ Standard available sizes are S, M, L, XL and XXL. Other sizes on request.
- ♥ MOQ 250 pieces.
- ♥ Unisex model.

We start with the recycling of the PET bottles, which would otherwise end on the garbage-dump.

The caps and labels will be removed before shredding the bottles.

HOW IT'S MADE!

This way, the newly made products find their origin in PET bottles.

After shredding, the material will be made into a fiber.
